Kofax Power PDF Standard, Advanced & eCopy PDF Pro Office

Kofax Power PDF makes it easy for demanding users to gain control over PDF workflows in every department and for every use. The modern MS Office-style user interface is intuitive and makes working with PDFs easier than ever. Power PDF 3 features faster and more accurate document conversions with the latest OmniPage OCR engine, more options to customize the user interface, enhancements to the way you edit and assemble PDFs, and support for the ISO-Standard PDF 2.0 file format for more security and compatibility. The Advanced version adds eSignature integration with DocuSign®, which allows users to save time, enhance productivity and accelerate business transactions. Also included are integrated connectors to the latest versions of popular Document Management Systems like iManage Work, NetDocuments and Hyland OnBase.
